ELECTRIC CITY SPARKLETS

Items of Interest and Personal Mention Caught Over the
Wireless on the Streets of Anderson

Cotton Market Took Big Jump.
Though the prevailing price of cotton on the local market yesterday was 7 3/4 cents, there were a few sales made where the staple brought as high as 8 3/4 cents a pound. The latter price was, of course, for the best grades of cotton. The rise in price of cotton has had a wonderful effect on the mood of the general public. On every hand the upward trend of the market is noted and commented upon. There is more optimism and less of pessimistic talk on the streets than there has been in many days.

Dr. Carman Will Preach Here Today.
Dr. John C. Carman, secretary of the South Carolina International Sunday School Association, who will take part in Sunday School Institutes to be held in the county this week, will preach this morning at St. John's Methodist church and this evening at the First Baptist church. All the ministers of the city, including Gluck Mills, together with those who are to take part in the county institutes, are requested to meet at 3:30 o'clock this afternoon at the First Baptist church.

Engineer "Ramey" Hughes Taken Ill on Engine.
Hundreds of people all along the route of the Blue Ridge railway, between Walhalla and Belton, will regret to learn of the illness of Engineer Raymond Hughes. The popular engineer was taken ill at his post of duty at the throttle of the train which passed through here yesterday afternoon at 6 o'clock en route from Belton to Walhalla. It is stated that he suffered an attack of acute indigestion. He was taken from his engine at Seneca where he was given medical attention. At Seneca another engineer took the train on to Walhalla. The loss of time on account of the changes necessary at Seneca caused a delay of something like an hour in the arrival of the gas-electric car last night from Walhalla. Mr. Hughes' scores of friends throughout this section will wish for him a speedy return to good health.

Slight Accident On Blue Ridge.
The derailing of a freight car on train No. 7, running from Belton to Walhalla, Friday afternoon caused a delay of about one hour in the arrival

of the down passenger train. As the freight train was making its way to Seneca the trucks of one of the freight cars left the rails. The track was torn up for a few feet, but the damage was soon repaired. The fact that the car was a new one, and had not become thoroughly shaken down, and ran into a section of track that had been weakened on account of recent heavy rains, is believed to have caused the mishap.

Squabs Offered For Sale.
Five fat Belgian Carnaux squabs were offered for sale yesterday in the city and sold readily, bringing fancy prices. The squabs were raised by D. A. Reed of Belton, who has some 30 pairs of old birds and who has been raising squabs on a small scale for the market for the past several months. Mr. Reed stated some time ago that if the people of Anderson care for this delicacy and will agree to eat them, he will make efforts to furnish them with meat in this line.

Brief Session of Recorder's Court.
A brief session of recorder's court was held yesterday, but one case being before the bar of justice. In this instance the offender proved to be Alvin Norman, who faced charges of drunkenness. He was convicted and sentenced to pay a fine of \$5.00.

Belton Surrenders Her Old Charter.
According to a certificate filed in the office of Clerk of Court from Secretary of State H. M. McIlwain, the town of Belton has its charter and hereafter will operate under the provisions of Article II, Chapter XLVIII, code of 1912.

White Man Is Set at Liberty.
After spending a night in the county jail on charges growing out of his having purchased goods from a merchant and secured the debt by giving the merchant an order on his wages due from the mill and himself collecting the money before the merchant had time to present the claim, A. Thomas, a white man of the Orr Mills section, was released yesterday morning from the county jail and allowed to return to his family, who were reported to be sadly in need of his wages to provide the necessities of life. The wife and three babies of the man called upon Magistrate Broadwell and besought him to release the husband and father. But the magistrate could not turn the man loose upon such grounds. Finally the prosecuting witness, the merchant who had sold Thomas the goods, came in and announced that he and Thomas had made a satisfactory settlement of the matter and that so far as he was concerned the matter could drop. One of the foremen of the mill stated that he would put Thomas to work and give him the opportunity of providing for his wife and children and paying his obligations. With matters taking this turn, Magistrate Broadwell immediately sent the latter a discharge for the imprisoned man.

Committed Wrong While Serving Gang.
Despite the fact that he was serving sentence on the chain-gang for having violated a law, C. V. Volts, colored, committed another breach of the law by collecting his wages from the Brown Mill when he had already made an assignment of the money to another. As soon as the negro had finished serving his sentence on the gang, he was arrested and hauled before Magistrate Broadwell on the matter of collecting his wages when he had already assigned them to another. The negro pleaded guilty and was sentenced to serve 30 days on the chain-gang.

Dr. Murray Riley Returns North.
Dr. Murray Riley, who came back to Anderson several months ago from West Virginia, in search of a locality that was better adapted to his health, has decided that it is better suited to his health than any other city. Consequently he has decided to locate in that city for the practice of his profession. Mrs. Riley will remain here with relatives and friends for some two weeks.

To Find Success With the World.
Admitting that he had violated the law and declaring that he had come back for the purpose of squaring this matter up and paying all other debts he might owe the city or county for lawlessness, he had indulged in during past years. Fred Rice yesterday took with him 22.25 acres the decree of Magistrate Broadwell in sentencing him to

30 days on the chain-gang for violation of a labor contract. Rice stated that he was glad to get back and square the matter up with his former employer. "And I don't know who else wants me," he humbly said, "but I am now ready to square up everything wrong that I have ever done. I am going to stay on the chain-gang until I get straight with the world. Of course I could work out this debt for my boss, but if he wants me on the gang why of course I can serve it out there, and do it in less time. Besides, I can get plenty to eat and a warm place to sleep on the gang, and that suits me."

W. O. Marett Won Second Pass.
W. O. Marett won the second annual pass to the Palmetto Theatre, according to an announcement last night by Manager Plakston following the drawing for the selection of the lucky number. There are six more annual passes to be given away by this vaudeville and motion picture playhouse.

Baseball

Furman Desires to Cross Bats With Clemson in Anderson.

A communication received yesterday by the secretary of the chamber of commerce from the management of the Furman University athletic association of this well known institution is anxious to stage in Anderson a game of baseball with Clemson College. The letter suggests that the game be played here in early spring, as would have to be the case on account of the closing time of the colleges. The matter has been referred to the entertainment committee of the chamber of commerce, who will give it proper consideration. It was stated yesterday, officially, that if suitable grounds could be had it is probable that the game would be arranged as requested.

Serpentines

Will Be Used Upon Opening Night of Anderson's New Theatre.

C. H. Bleich, manager of the Bleich Amusement company, of Hopkinsville, Ky., lessee of the new Anderson theatre, announced to the Chamber of Commerce in a letter received yesterday that he plans to use "serpentine" on the opening night of the playhouse, which has been set for February 18. Andersonians who have "done" the theatres of New York or other large cities on nights when gala attractions of this nature were put on know all about serpentine.

CHILD'S TONGUE BECOMES COATED IF CONSTIPATED
When cross, feverish and sick, give "California Syrup of Figs."

Children love this "fruit laxative," and nothing else cleanses the tender stomach, liver, and bowels so nicely. A child simply will not stop playing to empty the bowels and the result is, they become "tightly" clogged with waste, liver gets sluggish, stomach sour, then your little one becomes cross, half-sick, feverish, can't eat, sleep or act naturally, breath is bad, system full of cold, has sore throat, stomach-ache or diarrhea. "Laxative Mother!" See if tongue is coated, then give a teaspoonful of "California Syrup of Figs" and in a few hours all the constipated waste, sour bile and undigested food passes out of the system, and you have a well-playful child again. Millions of mothers give "California Syrup of Figs" because it is perfectly harmless; children love it, and it never fails to act on the stomach, liver and bowels. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and to grown-ups plainly printed on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Beware of cheap imitations with counterfeit names.

Personal

Mrs. J. L. Pettigrew of Iva was among the shoppers in the city yesterday.

J. E. Garvin of Pendleton was among the visitors in the city yesterday.

J. R. Bell of Central is visiting his daughter, Mrs. C. O. Garter, on Greenville street.

Burn Hay

Merchants Receiving Wares Packed in Hay or Straw Required to Burn It.

Unless jewelers and other merchants receiving goods packed in hay or straw make an affidavit that they will burn all packing material as soon as it is received, no more shipments of goods to those merchants can be made. This act is required by the United States government as a result of the cattle epidemic now existing in this country.

Letters were received yesterday by a number of Anderson merchants setting forth the above facts, each letter containing a blank form in which the affidavit is to be written. The statement must be sworn to before a notary public.

IT'S SETTLED

you no longer have to . . . or send away for your glasses. I have one of the most complete Grinding Plants in the South and every convenience to turn out your work promptly. You can't realize what I have in machinery unless you visit my place. I can duplicate your lens—don't care who made it or if you break it all to pieces. I don't worry come here. I can refract the most difficult case of eye trouble and write the prescription, grind your glasses and guarantee the very acme of precision. I have a record I am justly proud of and I am keeping pace with the confidence the people of my town have in me. This is what actuated me in the purchase of the Plant and if you could just see the number of people in Anderson now wearing glasses ground in Anderson, you would be convinced that Campbell is in town and on the job. All I ask is: try me with your next job. I also have the best equipped Optical Office for making examinations in South Carolina. My prices are consistent with first-class work, ranging from \$3.00 to \$5.00 up for a complete job. Repair anything in the Optical line. Duplicate your lenses from 75c up, owing to how it is to be made. Begin the new year right, by having me do your Optical work. If anyone tells you that I don't grind good glasses in Anderson, I will give you \$25.00 for proof of statement. When you have trouble with your eyes or glasses, think of me! I am the sure remedy. Also remember the place, No. 113 W. Whitner St., Ground Floor. Telephone Connection.

DR. M. E. CAMPBELL,
Registered Optometrist.
